Only complete applications received by the deadline will be processed! If you apply for several degree programmes, the application for academic assessments and examinations to be acknowledged must be uploaded for each individual degree programme. Applications without documents cannot be processed!

We only require all documents in paper form after successful admission and enrolment.

Binding information on the placement in the semester applied for cannot be given. The decision about the placement is made by the examining committee of the respective degree programme.

Please note that some degree programmes also have admission restrictions in the higher semesters. In these cases, admission is only granted if the total number of enrolled students in the semester in question falls below the admission number specified for this purpose. You can expect to receive a corresponding decision (admission or rejection) for these degree programmes only in September (for the winter semester) or in March (for the summer semester).

It is not possible to apply for compensation for disadvantages (grade/waiting period).

The crediting of study and examination achievements is carried out in accordance with Art. 63 of the Bavarian Higher Education Act (*Bayerisches Hochschulgesetz*) and, where applicable, the selection in accordance with § 35 of the Higher Education Admissions Ordinance (*Hochschulzulassungsverordnung*).
